

Charlie Bowen

Area 3 Resident

Brief Statement of Interest

I initially joined because of some safety concerns I had regarding unsafe driving in the neighborhood. I still have those concerns and would like to see some street calming measures - like the ones recently implemented on Walnut Street - installed in Washington Heights.

Background Information

My wife, Jaime, and I have lived in Washington Heights since 2016. We have three kids, Anna, Tommy, and Avery and love raising our family here. We really enjoy Washington Park Wednesdays, the Boulevard Bash, and are excited to spend a lot of this summer at the redone Wick Park and Urban Ecology Center. When I have any free time, I am usually reading, listening to music, and caring way too much about Milwaukee Bucks basketball.

Experience

In my day job I am a public interest attorney in Milwaukee. I provide civil legal aid for low-income residents of Milwaukee and the surrounding counties. My job allows me a familiarity with the Milwaukee court system, numerous local and federal government agencies, and a love of filling out and reviewing tedious paperwork. I feel this last part would be beneficial to the WHNA for potentially reviewing and submitting any 501(c)(3) related paperwork or potential grant applications.

Volunteer and Community Involvement

I have been a member of the WHNA Board since 2024 and am excited at the opportunity to keep that streak alive.
